Dear

We are writing this note to express our deepest thanks for your consistent donation to the GDCO Scholarship Program. Generous gifts from donors like you provide the financial and moral support needed to continue our mission.

With your consistent financial contributions over the years, you've demonstrated your deep commitment to our primary goal of educating the brightest but less fortunate. You should know that most have completed their studies and embarked upon careers.

Your support of the program since 1995 has played a key role in enrolling over 3,960 young Gondaries at the college level and in other higher level educational and other learning institutions. Many have graduated and are successful in a variety of professions. In short, the impact of this education program has a chain effect on the family and society.

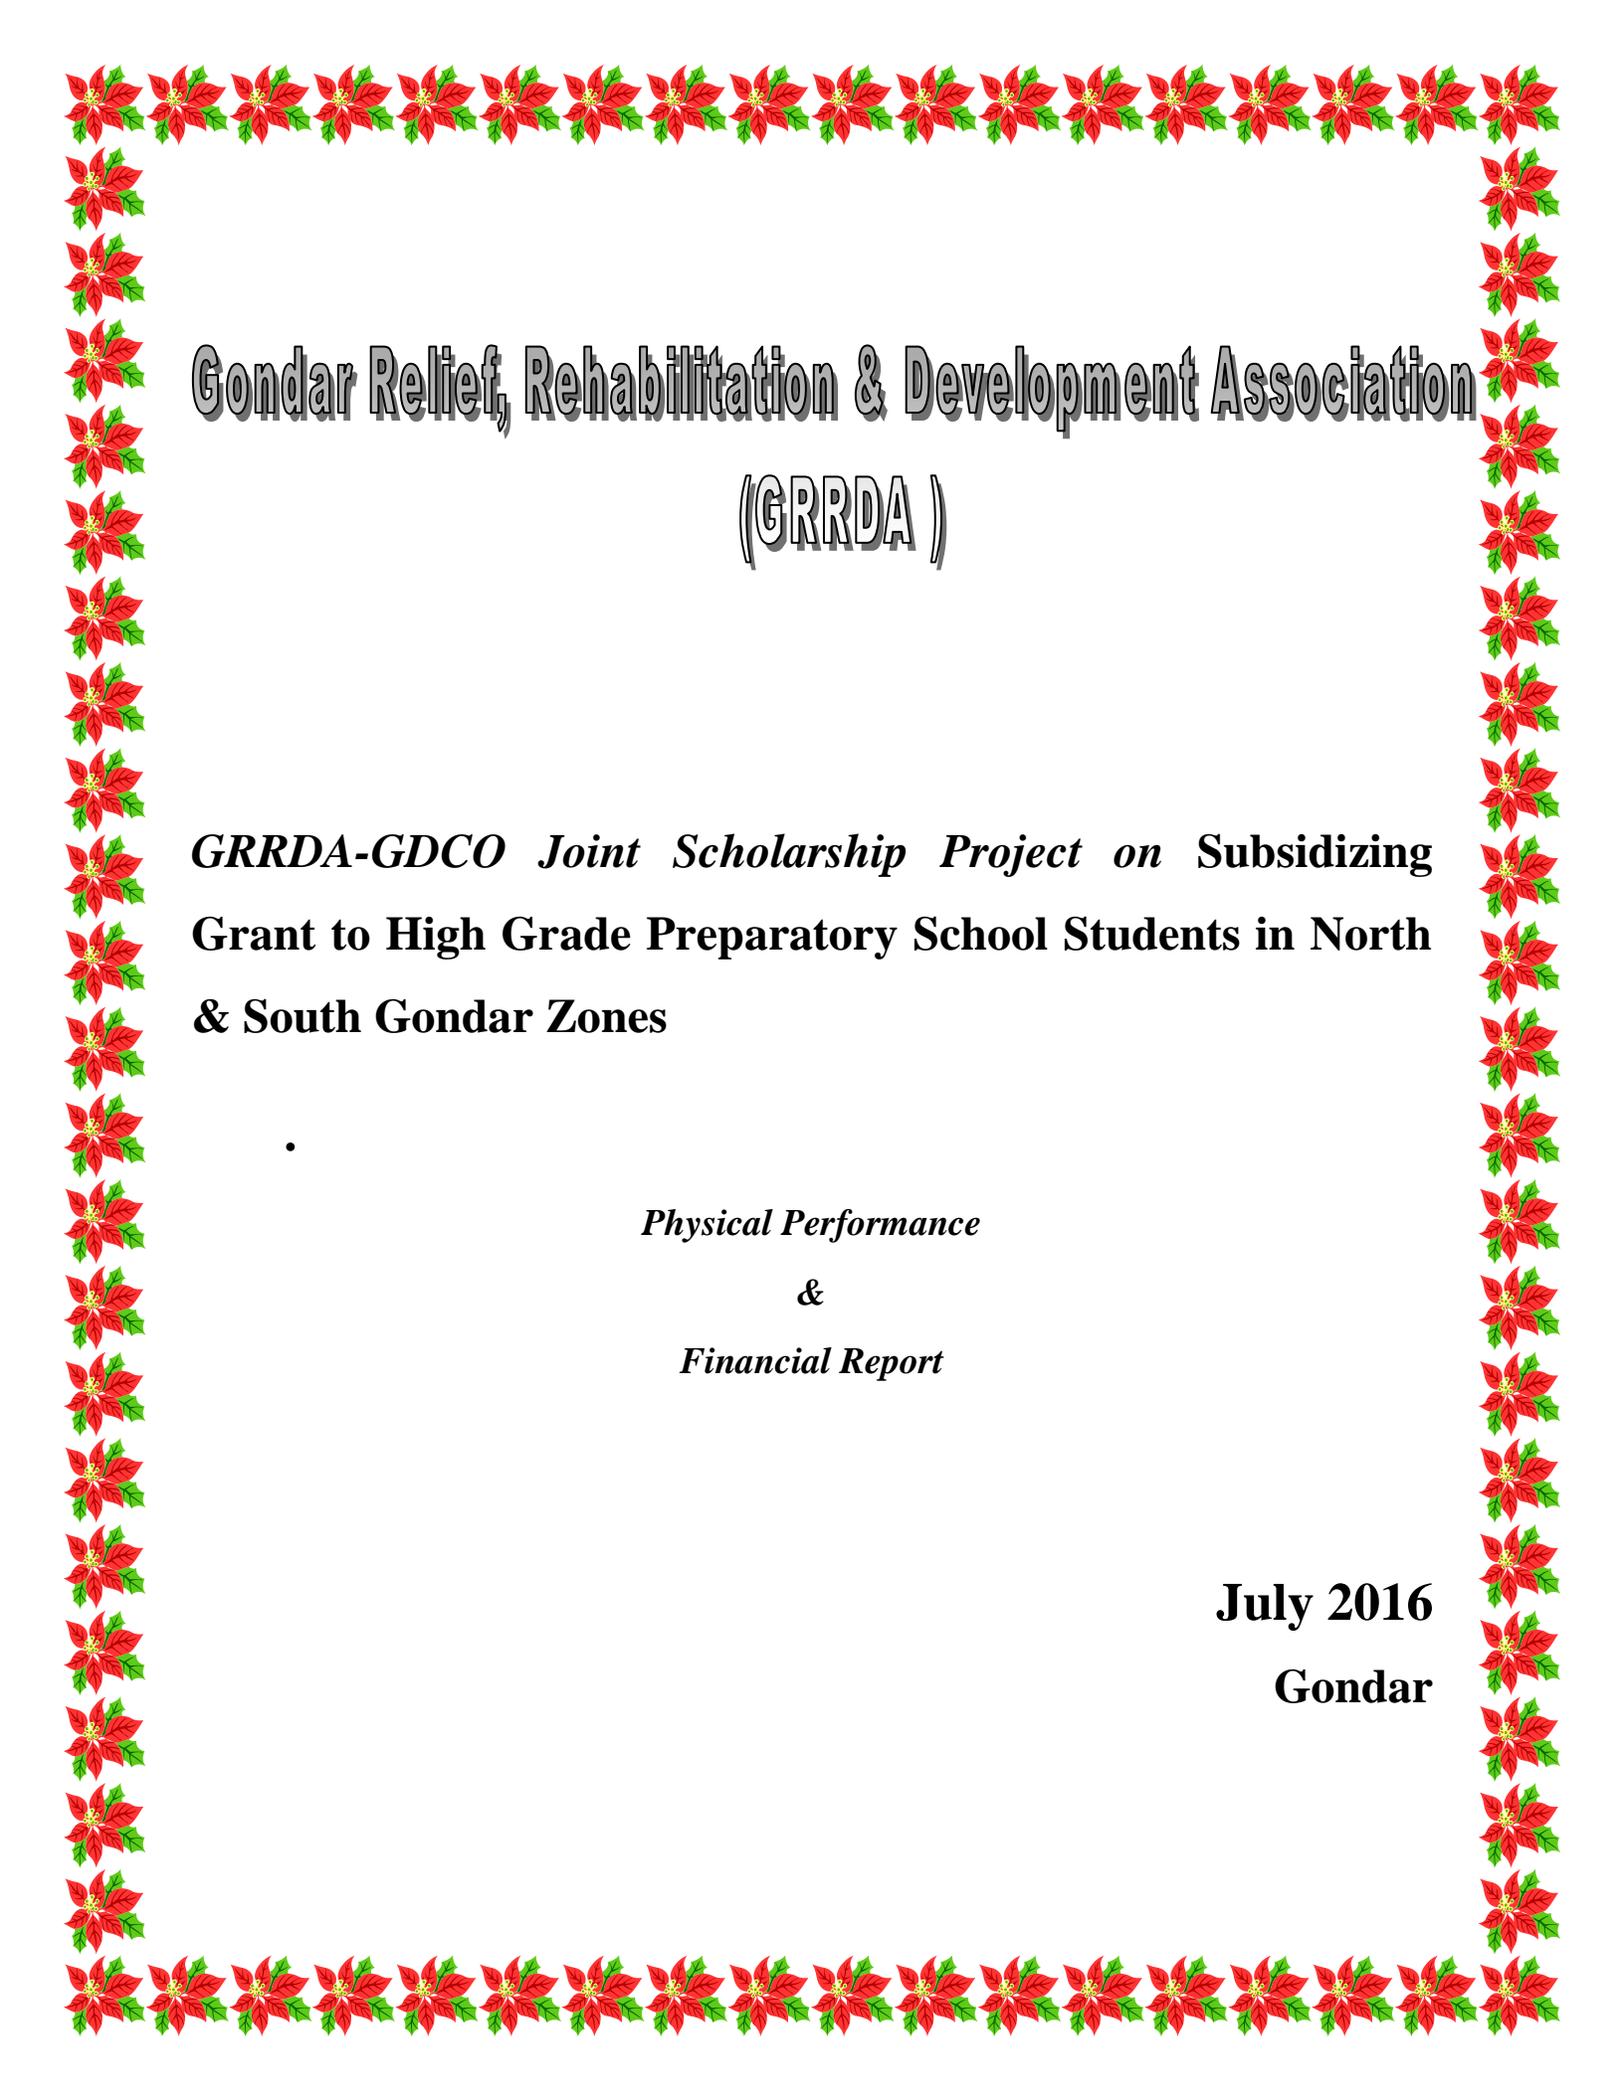

We cannot find words to fully express our gratitude for your support. We at GDCO are continually inspired by the dedication and generosity of donors like yourself who answer the call of the region we come from to give again and again.

We are attached a file with two years of report, which are 2007 (2014/15) and 2008 (2015/16) school years.

We look forward to a continuing partnership with you.

Sincerely,

Eyasu Damtew
GDCO Secretary

1. Introduction

North & South Gondar Zone Administrations are regions in Northern Part of Ethiopia in Amhara Region. The Region has various agro-climatic conditions. Due to population pressure and imbalance between resource supply and human demand for the same, very steep slopes have been brought under cultivation. On top of this, due to low precipitation, inconsistent rain patterns and poor farming methods, the agricultural production of most farmers is below subsistence level.

GRRDA is a nonprofit making, non political and non religious humanitarian indigenous NGO established in 1992 by voluntary Ethiopians, which is recognized by the Government of Ethiopia and registered by the Ministry of Justice and also again registered by Charities and Societies Agency based on proclamation number 621/2009.

GRRDA's vision is "to see the people of Gondar free from poverty and enjoying a descent standard of living." Its main mission is "to create a sustainable positive change in the lives of disadvantageous members of the people of North and South Gondar Zones."

2. Objective of the Program:

2.1 General Objective:

To trim down the number of high school drop outs among 11-12 grade students that are unable to cope with the socio-economic situation and environment of their schools and join high learning institutions.

2.2 Specific Objectives:

- ❖ To provide stipend to 270 high grade students who do not have supporters.
- ❖ To relieve the burden of parents in financing educational expenses of their children.
- ❖ To encourage and attract students of elementary, junior and high schools in competing for the opportunity.
- ❖ To enhance the performance of the beneficiaries and competent students in the Ethiopian School Leaving Certificate Examinations to join universities and colleges.

3. Major GRRDA Intervention Areas

- Expansion of health and education services
- Conservation and development of natural resources
- Creation and expansion of income generating activities in the rural and urban areas.

Since September 1996 GRRDA has been implementing scholarship program in North and South Gondar Administration Zones in the Amhara National Regional State through the financial support of Gondar Development and Cooperation Organization (GDGO) in North America,

4. Beneficiaries of the Program

Eleven and twelve grades top and outstanding students in the 45 preparatory high schools of north and south gondar zones will be benefited from the program. In order to select the beneficiaries the following criteria will be used:

- A. high academic performance
- B. students who do not have supporters
- C. students pursuing education away from their parents
- D. students should be free from socially bad habits
- E. Female students are considered 50% more than their counterpart male students and will constitute 50% of the total beneficiaries.

5. Beneficiary selection criteria and Committee composition

To benefit from this program, the following beneficiary selection criterion has been set and being employed.

- Economical problem of the student-40%
- Pre-academic performance-40%
- Social relation-20%

A committee composed of seven members from broad spectrum of stakeholders executes the process of beneficiary selection:

- Representative students from the preparatory school-2
- School teachers-2
- School director-1

➤ Parents-2

6. Implementation Strategies

To implement the program smoothly and to achieve the desired goals, a committee of 7 members from each school will be formed and will have a duty of recruiting and selecting the right beneficiaries based on the preset criteria.

The committee members will be drawn from the following entities:

- Parents-----2
- School teachers-----2
- School director-----1
- Two students from the preparatory high schools.
